ABOUT YOUR PROJECT

Please answer each of the following questions. If more space is needed, please attach extra pages. Please avoid using names of specific teachers and/or schools in your responses as all grants are blinded for review.

PROJECT TITLE:_____

PROJECT DESCRIPTION

1. Briefly describe the project, please include the project's goals and how they will be attained and measured.

The tripods will be used to teach students photography and video skills to create various projects throughout the school year. The reason for the request is due to the need to add a new teacher room to the Media Department in the academic hallway to enable the district to schedule requested media classes and allow the program to continue to grow.

Innovation and Enhancement of Learning

2. Explain what makes this project innovative. How will assist you in meeting the needs of our students? Please be specific and provide data to support the need if possible.

These tripods will be used to make various video projects specifically for social media. Social media along with content creation are growing career fields. By teaching students the fundamentals of tripod use in photography and video creation, it will prepare them in corporate them in future careers.

AUDIENCE & SUSTAINABILITY

3 (a). Describe the student population targeted by this project. Might this project be repeated with new students in future years? Explain.

Students in all grade levels at the high school will have access to use these tripods for class projects and sign them out for enrichment and other projects at home or at other places in the community. They will be used each year to showcase student work inside and outside of school.

3 (b).How many students will be served?

The tripods will be used for multiple projects for many years throughout Media I, Media Editing, and Media II, III, IV Journalism courses that impact well over 100 students each school year.

PROJECT EVALUATION

4. How will you evaluate the success of this project? What data, criteria, assessments, surveys, statistics or other measures will you use to assess its impact?

Initially, the success the use of these tripods will be based on the number of high school students served and by the number of projects created with them. All media projects are accessed by rubrics that have tripod use as a central component. Additionally, by having enough equipment, the department will be able to serve more students by providing additional classes and creating new projects that not only benefit the high school community but the district as a whole and allow students to create projects for contests and other showcases of student work.

BUDGET

5. Please provide the following information for the items you intend to purchase for this project (please include shipping costs, if applicable). If some of the items you will use to carry out this project are being paid by using funds from sources other than the GEO Grant (i.e., the school district, other grants, etc.) please include these items but enter zero (0) for the amount. This will let the reviewers know that the project is completely sustainable even if the Foundation is not financing the entire budget. Attach additional pages if necessary. Briefly describe any items that may be unfamiliar to the application reviewers.

Please consider your "ideal" request and also what you would be willing to accept if funds are limited. (For example, if 20 items for your classroom is ideal, but you would accept 5 or 10 and have students work in groups please indicate that below.)
