PROJECT TITLE:_____Pleasant Valley Art Displays

PROJECT DESCRIPTION

1. Briefly describe the project, please include the project's goals and how they will be attained and measured.

As the lead custodian at PV, I interact with the students throughout the day in many fun ways beyond the classroom walls. I enjoy showing them all sides of me, and because art is a passion of mine, I love to share my artistic talents with the students when possible. I am frequently asked to help create displays for our yearly Read-A-Thon fundraiser as well as the grade level musicals. Although many of the supplies are found in the school and classrooms, there are a few supplies that would help me in creating the more specialized displays I design.

Innovation and Enhancement of Learning

2. Explain what makes this project innovative. How will assist you in meeting the needs of our students? Please be specific and provide data to support the need if possible.

My displays get the students excited to participate in the musicals and read-a-thon. Many of these displays are interactive, and they are kept up for the motivation and enjoyment of the staff and students.

AUDIENCE & SUSTAINABILITY

3 (a). Describe the student population targeted by this project. Might this project be repeated with new students in future years? Explain.

The read-a-thon displays are for all students in grades K-3 at PV, and the musical depends on the grade level needs. For example, I made the drawings for the first grade garden show and these are used every year.

3 (b).How many students will be served?

All PV students - over 400.

PROJECT EVALUATION

4. How will you evaluate the success of this project? What data, criteria, assessments, surveys, statistics or other measures will you use to assess its impact?

Compliments and photographs of the students with my displays and creations. Publicizing the fundraiser using my designs by the PTA.

BUDGET

5. Please provide the following information for the items you intend to purchase for this project (please include shipping costs, if applicable). If some of the items you will use to carry out this project are being paid by using funds from sources other than the GEO Grant (i.e., the school district, other grants, etc.) please include these items but enter zero (0) for the amount. This will let the reviewers know that the project is completely sustainable even if the Foundation is not financing the entire budget. Attach additional pages if necessary. Briefly describe any items that may be unfamiliar to the application reviewers.

Please consider your "ideal" request and also what you would be willing to accept if funds are limited. (For example, if 20 items for your classroom is ideal, but you would accept 5 or 10 and have students work in groups please indicate that below.)
